To whom it may concern,

I highly recommend WonJoon Choi as a candidate for graduate school. I have worked with WonJoon in my position as CEO, Caremile Inc.

While working at a Carremile Inc, WonJoon partook in various responsibilities including but not limited to managing logistics to properly control the product flow and supporting co-workers on sales activities with his talent in programming languages. He accomplished all these tasks with efficiency, great initiative and a positive attitude.

WonJoon has established wonderful intimacy with all his clients as well as team members. WonJoon has proven top-notch talent in working with representatives of various companies. Throughout his time at Carmile, WonJoon proven his talent in management of client relationships.

His ability to support his co-workers and client, as well as his talent at logistics are both truly superior. He has proven his talent in getting his job done with a great responsibility.

WonJoon would be a tremendous asset to your program and I recommend him to you without any reservation. If you have any further questions with regard to his background or qualifications, please do not hesitate to contact me.
